To whom it may concern

My name is Richard Barry.

I come from NY originally and I have been in the computer networking business in Canada and US for over 40 yrs. Like most professional IT people, I have had my issues with poorly trained web designers, developers, and technical support people.

**Such is not the case with Mage Montreal!**

I count myself extremely lucky to be working with GUILLAUME LE TUAL and his exceptional employees for over 8 Years now. They are a just phone call away to advise and support me expertly. Hats off to Marie-Claude Gauvin for taking personal care of me.

**Companies are not made great. It is the employees of that company that make it great.**

I am a very demanding reseller and in an age of mediocrity and insufficiently trained employees, **the staff of Mage Montreal** really stand out as shining examples of excellence in our industry. They should both be recognized for their knowledge, efficiency, relaxed style and most importantly their dedication to customer satisfaction!

Any questions or problems do not hesitate to contact me and BEST!
